Hi Kara,

Let's discuss today. We would need to define what we want Jeff/Javier to do with the information. Suggest we develop a list of questions that we want answered. We should ask states. Has this been sent to CEPD? My calendar is very open today.

Tx-Doug

Seems like we would need to send this to Javier.

We can discuss tomorrow.

They likely should have been reported sooner

Thanks Mark.

For the systems w sampling end dates of 12/31/2016 –why would these not have been reported in an earlier quarter – like January 2017 - for example Watertown City was in triennial so data should have been collected by September 2016. Or the three at the bottom why would they not have been identified in January or April 2017 runs?

Thanks,

Kara
